## **Letting experts complete Tax Returns too!**

**As the tax year draws to a close property investors can have the pain taken out of their annual Tax Return, thanks to a new service launched by Premier Places.**

Leading Worcester letting agent Premier Places has launched its very own specialist taxation division offering an exclusive Tax Return completion service for landlords.

Having recently invested in software that offers a landlord the facility to request his or her end of year self assessment tax report (supplied in the same 'Land and Property' page format required by HMRC) Premier's is now able to offer a complete Tax Return service.

With over 25 years' experience, Premier Places' in-house tax expert can professionally complete a landlord's Tax Return and tax calculations. This involves reporting details of taxable income and gains from all sources, including property matters.

The new service also offers tax planning advice to landlords, regarding the capital tax implications on sale or their estate on death.

"Many new and existing landlords are unaware of the full range of allowable expenses and tax claims that are available to them and may well be paying more tax than is necessary.

“By offering landlords this brand new Tax Return completion service, we will ensure that they leave no stone uncovered and maximise the return on their investment.” explained Premier Places’ director Chris Williams.

Quotations for completing a landlord’s tax return are provided prior to commencement.

For further information or specialist property taxation advice call Chris Williams at Premier Places on 01905 616616 or email [tax@premierplaces.co.uk](mailto:tax@premierplaces.co.uk)
